

Tabitha Robbins' Holiday Babies Series features a stable of sigh-worthy bachelors who have everything except a happily-ever-after. 5 Heart-warming stories by Amazon #1 Best Selling Author in Holiday Fiction! Her Mother's Day Miracle Nothing will stop Riley Mathis from giving his infant daughter a safe and stable life growing up. So, who had he ticked off to be lumped with this neighbor from hell? Aster Lawrence could do without her friendly, happy, handsome new neighbor poking around in her business. This time last year, her world was shot down in flames. She'd been keeping her head above water before Riley Mathis introduced her to his baby. How could she keep her distance—keep surviving—when they were both so easy to love? The Best Man's Baby Archaeologist Morgan Chambers believes in science, not "lust at first sight." Or not until she'd met (and slept with) the sexiest best man ever. Six months on, however, Morgan is reluctant to rekindle those flames. Can she find the right words to tell Alex why? The Bachelor's Cottontail Bundle This Easter weekend, New York advertising legend Mitch Ryan could do with a little help from above. In three short days he needs to smash out a winning campaign to appease a difficult client. Now an abandoned baby has been left on his high-rise office doorstep. Bad enough Child Protective Services can't help until Monday. Worse is the question regarding paternity. What would Mitch do without his efficient (and very hot) Finance Director? The Tycoon's Cupid Surprise Xander Drake enjoys nothing better than turning a struggling business around...unless it's spending time with an intelligent, beautiful, headstrong woman like Brooke Hart. Then he meets Brooke's baby boy and a perfect plan takes shape. If Brooke won't go out with him, Xander has another proposition. They should become partners. He'll take care of everything...and that includes the Valentine's Day surprise of Brooke's life. The Billionaire's Mistletoe Baby Laurel Ashwood needs a miracle. All her six-week old daughter wants for Christmas is a daddy...just for the holidays while Nana visits from Montana. Laurel and her former boss, construction tycoon Nick St. John, used to share a chemistry. But will Nick want to cooperate? Six months ago, she'd left him without a word.
