

The Christmas Feast (Silhouette Special Edition)

The Christmas Feast (Silhouette Special Edition #1577) [Nov 01, 2003] Peggy Webb - A Holiday To Remember - This Christmas, Jolie O Banyon planned to impress her family with the feast of a lifetime. But just as she realized she could use a few cooking lessons, the world's sexiest man broke into her family's manor. Only, this hunk was no burglar. He was her sister's surprise guest- and he knew how to heat things up in the kitchen. When Special Agent Lance Estes showed up early at the O Banyons, he wasn't expecting to have to make nice with an adorably inept chef - not that he minded. But a man who courted danger for a living had no business making promises to a woman. Especially a woman like Jolie, who deserved the best a man had to offer.
