

Ties that Bind (Men of Honor Book 3)

Can two men let go of the past in order to find their future together? Men of Honor, Book 3 When helo pilot Glen Rhodes flies Navy SEALs into the most dangerous places on earth, he has nerves of steel. Since his trusted Doms death three years ago, though, the thought of submitting makes him panic. Determined to move on and long past ready to release the adrenaline rush from his job, Glen returns to home ground and to the bar he hasnt had the heart to enter for three long years. There, he meets a man who seems to fit naturally into the void. Derek Mann has suffered his own losses, and he isnt looking for permanent. Easy conquests dont interest him, either. One look at Glens proud military bearing and sad eyes tells him that he has a challenge on his hands. And that winning Glens trust will unleash something wild and beautiful. The plan is to tread lightly. But from the first touch of skin on skin, theres no holding back except when it comes to their deepest emotions. A Christmas Eve crisis pushes them both to their limits, leaving them no choice but to let go of the past...or let it pull them apart. Warning: Contains rough language, rougher sex and warriors who fall hard for each other.
