

Superman: Art and Science of Life Management (Coronet Books)

This is a guide to self improvement. The author suggests ways in which we can develop better management and organizational skills by becoming more conscious of the effect that the power of the mind can have in encouraging potential. Thus we can become more intelligent, organized and effective. Robert Heller is a writer on business and management techniques, was a founding editor, in 1966, of Management Today, director of Campaign and Marketing, and now edits the quarterly financial magazine Finance.
