

Awakened by the Sheikh (Desert Kings) (Volume 3)

At 52 Cara Devlin is used to being overlooked... until she speaks. It had been her sexy voice that had won her the voice-overs ads and its her velvet tones that lands her the job as translator to the King of Maina job with a salary that will ensure she can leave Main and make a fresh start. A new beginning away from the country where her soon-to-be ex-husband betrayed her, and her family, for his own gain. Just one more week in Main and then she'll be free to begin a new life. Since his unfaithful wife died, King Tariq of Main is devoted to three things: his children, his country and remaining single. When his brother hires him a translator he doesn't need, Tariq isn't impressed. But, when he hears Cara's seductive voice, he decides she can stay, providing she doesn't distract him from the most important meetings of his life where he intends to regain control of his country's wealth. But each day he discovers something new about Cara: qualities that break through the protective shell he'd built around himself, and language skills he can use to his own and his country's benefit. So long as Cara doesn't know she's being used, he should succeed.
