This book will bring clarity, simplicity and a sense of purpose to high achievers. Full of fun-to-read and insightful stories, it helps answer questions plaguing many people today. How can I avoid having an abundance of work and a shortage of joy? How can I spend more time on activities that nurture my soul? How can I be a high achiever, make it to the top of my profession, and still be contented? It encourages you to design your own path in life, and in the process, realize that having it all is as much about a balanced life as it is about a balance sheet.
