

They call him Titan. Calder King has it all: a football scholarship at a prestigious university, a guaranteed position as CEO of his familys company (someday) and all the hot co-eds he can handle, but Calder is way more interested in his missing memories and the weird things he can do -- like his super strength and invulnerability. Not to mention the crazy vigilantes terrorizing the city, the ones Calder alone (aka Titan) can handle. Enter super genius Patrick Black. Not only is he Calders new college roommate, hes also the ward of the man Calders family despises. On the surface they should be enemies, but Patricks the only person who understands what its like to have the whole world expect stuff from you -- stuff Calders not sure he can give. Never mind that Patrick is also openly gay and way too hot for his own good. Because Calder is straight, and Patrick doesnt date straight guys. Patrick Blacks whole persona is a carefully controlled lie. By day, hes a studious college student, and by night hes a vigilante exposing the citys dark underbelly as Apprentice. That doesnt mean he cant have a little fun once in a while. Calder King is fun and gorgeous, but hes also as straight as a damn ruler, which takes him off the table. When a mysterious stranger named Titan rescues Patrick one night, sparks fly. If Patrick can't have Calder, maybe Apprentice can have Titan. Lust and sex bring these two college roommates together but will their buried secrets tear them apart? Contains graphic gay sex and violence.
