

Speed Reading: Third Edition (Plume)

Dramatically increase your reading speed, comprehension, and retention. Tony Buzan, world-famous expert in the field of the brain and the inventor of Mind Mapping, has gained international recognition with the methods outlined in Speed Reading. While it contains the traditional information on speed reading, this is the first book on the subject to utilize the latest discoveries about the astounding potential and intricate workings of your brain. In an easy-to-understand, direct style this classic guide provides: New approaches to reading, study, concentration, and learning. Self-help tests designed to stimulate interest in different areas of knowledge. Measurement of your speed and comprehension to broaden your expertise. This newly revised Third Edition offers state-of-the-art techniques for improving reading speed and comprehension, from the simplest level to the most complex.
