

Dark Curse (Dark Wolf Series Book 2)

Hadria is a Valkyrie with the Order of Odin, and for over a thousand years she has yearned to find a man she can trust with her heart. Curse by the Loki, Hadria's fate is to fall in love with werewolves and to be betrayed by them. She is determined that the last betrayal she suffered at the hands of a werewolf will be her last. Nick Johnson has been in love with Hadria from the moment he met her. He is determined to get her to see that he's not like the other wolves she's known. Being thrown together to hunt down the location of the victims of the Dark Wolf formula seems like the perfect opportunity to show her just how much she means to him. Unfortunately, he has to convince her that he would never betray her when the signs show he already has.
