

All I Want For Christmas Are My Two Front Fangs (Wicked Ways)

Re-release with new content coming in July! This is a companion novel to the Wicked Ways series, but it can be read as a stand alone novel. Sapphire Dragulj is surrounded by the dead. That might sound ominous to most, but not to her, or any of the other citizens of Everlast--Virginias only self-contained vampire community. Death is a way of life in their little piece of nocturnal paradise. Unfortunately, Everlast isnt all type o and satin caskets for everyone. Much to the ire of the majority of the town, Sapphire is very much alive and unwilling to sell her family home to make way for the midnight tennis sessions that she wont be invited to participate in. Because of this, shes routinely ridiculed for her resistance to the vampires changes, and on occasion, downright shunned for being a walking bloodbag. Though Sapphire refuses to leave, shell be the first to admit that its no picnic being one of the only living people in Everlast. Even worse is the dating situation there. Its enough to drive a human girl insane. Sometimes, living in a town full of vampires just sucks.

Too Cute To Spook: A Wicked Ways Companion Novel (Wicked Ways, #2.5 . All I Want For Christmas Are My Two Front Fangs (Wicked Ways #1.5). Editorial Reviews. About the Author.
