Above all else, the Alliance prizes military prowess, duty, and following orders. And Alara wants more than anything to make her father, the Admiral, proud of her but struggles when her conscience and her orders conflict. Zarik of Thallor leads a refugee ship while carrying a holy relic to safety. His plans fall apart when Alara's warship captures them, putting his people, his family and the relic in danger. Hell do anything to protect them. With war at stake, can Alara and Zarik choose love? This 21,000 word novella is the first in the four-part science fiction romance series The Relic.
