

Warning: Condoms were tested and a few harmed during the writing of this story. Its not every day a girl inherits a condom company, and to say accountant Alice Beasley is astonished and out of her depth is putting it mildly. For an almost virgin, she needs a quick education in all things condom because her inheritance is in danger. Someone is intent on sabotage and trying to destroy her new company. Alice is suddenly getting down and dirty with charismatic James, the factory manager, all in the name of business, testing new condom designs. The sex is hot. Mind-blowing. Its a dark thrill and an erotic journey. Yeah, its a hard job, but a girls got to do what a girls gotta do. The testing turns personal. Alice wants James. She craves his talented touch and sultry kisses, she desires passion and physical pleasure on a permanent basis but first she must convince bad-boy James to give up his fancy-free ways.
