

Night Bites (Mackenzie Vampire Series Book 2)

Cindy Harper welcomes all those who believe in the paranormal to her inn. She's thrilled by the success of her business even though she questions the existence of things that go bump in the night. But her doubts will soon disappear, because more than just wannabe vampires and werewolves are checking in. And a secret from her past is about to threaten her future. Ancient vampire Thrain Davis has come to the inn to right a centuries-old wrong. He finds more than he expects, though, when he meets the beautiful and way too sexy innkeeper. As they join forces to outwit two powerful cosmic troublemakers and to defeat an enraged Jersey Devil, he realizes that the unthinkable has happened. He has fallen in love with the one woman he can never have.
