While Kiera Rockwells successful real estate career was slowly killing her, flipping spec homes seemed like the perfect way to re-engage in her career while still capitalizing on her skills and contacts. So far it had only amounted to a whole lot of debt, fear, and worst of all, indignity. Kiera knew how to work a plan - shed been doing that her entire life - but what she hadnt counted on was AJ Knight. Not only is Knight Construction the hottest construction company in town and therefore the best choice of contractors for her projects, but it turns out AJ is one sexy contractor. And, as hard as she tries, she cant seem to hold it together when confronted with his killer smile and sharp wit to act like her smart, articulate, competent self around him. AJ Knight has poured his heart and soul into his construction business, earning him a top spot in the Steamy Falls building boom. No one in the business would guess that the uber-sexy contractor spent the last few years nursing a broken heart. On the outside, Kiera represents everything AJ has been trying to avoid since his break-up two years ago. Not only does she appear shallow, scattered, and barely able to put three sentences together, there is just something about her that rubs him the wrong way.
