

The Wild (The Hayle Coven Novels Book 4)

Syd has what she's always wanted. Thanks to her demon's sacrifice, she is finally normal. Why then does she want her magic back so badly? It really sucks to find out Brad was only into her because of her power. And even Quaid is keeping his distance. Her loss couldn't have come at a worse time. A storm is brewing, one that could devour the entire world. Syd refuses to accept she will never be a witch again, doing everything she can to track down the Chosen of the Light and rescue her demon. If only the ordinary life she's been building didn't interfere.
