

## Heat: Elements of Chemistry

When things heat up between Kaitlyn Parker and Martin Sandeke—previously known as the jerk-faced bully—Kaitlyn places her trust in the one person she never thought capable of earning it, let alone keeping it safe. Fortunately or unfortunately for Kaitlyn, where she gives her trust she can't help but also give her heart. But how will the world beyond the sanctuary of their newfound connection react to their relationship? Soon senators, chinless billionaires, and elements beyond Martin and Kaitlyn's control want to weigh in on the young couple's future. Navigating the chaotic inferno of new love might be more than Kaitlyn bargained for, and much, much more than her trust—or her heart—can handle. Contains mature themes.
