[Siren Everlasting Classic ManLove: Erotic Alternative Fantasy Paranormal Romance, M/M, shape-shifters, HEA] By the Kings Command... Called before the new king, Laird Artur was shocked to see his old lover walking through the door. His anger ignites when the king commands that they mate and fortify his borders to the north. He is heartbroken when he discovers that his new mate has no recollection of their time together. Can he forgive Daineal and let go of the past to build a future or will his resentment end what they could have before it begins? Laird Daineal balks at being commanded to mate, especially to a man he knows has to be insane. Despite how much Artur insists that they have met before, Daineal has no memory of the man. And he would have remembered a man that was so sexy he made Daineal's teeth ache. Commanded by their king to establish a stronghold to the north, Artur and Daineal have to fight not only their past but those that want to keep them from their future. When betrayal comes from within, the bond between them may be the only thing that saves them. ** A Siren Erotic Romance
