

The Secret: HOW TO FIND YOUR SOULMATE (A Proven Formula for Finding Your Perfect Partner Using The Law of Attraction, Includes Great Testimonials)

John Assaraf, Contributor to THE SECRET says it best: Sally shares her personal love story and lays out a very precise formula in this book that any woman (or man) can apply to attract their perfect partner. She found hers. I found mine. You can find yours. Many people these days are seeking their perfect mate, their ideal companion, and their love of their life or just a good friend to have dinner with. How to go about finding such a person without having to wade through droves of inappropriate possibilities? As many people as there are who are looking, there are books to tell them how, some technical and others theoretical. Long ago I had the good fortune of being in the presence of a number of very wise and knowledgeable people. Their influence prompted me to create a formula for finding my own soulmate. As I passed the formula on to others their success in finding what they wanted formed the proof of the pudding to convince still others to seek and find their special person. Many of those testimonials are included here, along with my personal story. As an example, Joan and Bill, well past their primes, thought it was impossible to find true happiness in a relationship. Bill had lost his mate after 40 years of marriage and Joan had had two very unhappy and abusive marriages. But with the right mind-set and this simple formula -- Voila! Twenty years later and they're still married and still smiling. Dorothy, grand in all ways including size (well over 6 feet tall) wanted nothing more than a big, wonderful, huggable man in her life. She got him big time! Lisa as a successful career girl still couldn't come up with Mr. Right. Then, after taking in the formula, she found him, but couldn't even recognize her good fortune. It took a friend to shake her up and remind her that what she really wanted was exactly what was standing in front of her. She is happy beyond words. Here are a

few reviews: From Jan Fraser, Speaker and Author of DREAM, DARE, AND DANCE: Sally Huss has achieved the impossible. She has created the perfect book with a perfect message. Her message is timely and right on! I just wished I had read it 30 years ago. From Michael Miles, Author of Thirty Days to Change Your Life: As Sally describes her own journey, she reveals the powerful and wonderful inner working of the universe. Her story is a moving account of the how the Law of Attraction operates to bring about the circumstances we experience in our lives. So many people write about the Law of Attraction, but Sally has lived it. Many times both men and women search for the wrong qualities in a mate. Remember, you will get what you ask for, so it is extremely important to check your heart to make sure that what you are looking for, and therefore asking for, is truly what you want. Here are a few qualities to consider. There are more, of course, but these are well worth contemplating when you are looking for your special person kind, happy, loving, responsible, family oriented, intelligent, faithful, generous. How to put it all together is the formula revealed in this little book. Little as it is, its impact can change your life.
