Her Blaine didnt understand the true meaning of lonely until she spent her first Christmas away from her husband. She was never one to believe in love at first sight. Then she met Elliott while he was on leave from the Army. From that moment on, they loved fiercely, and never wasted a day. She knew that deployment was a very real possibility one that scared her to death. Him When the orders are handed down, he has to go, leaving his new wife at home while he risks his life half a world away. Elliott did his best. He loved Blaine with his whole heart, but he had a responsibility to his team and to his country. Regrettably, that meant being away from Blaine Christmas after Christmas, year after year. Her Blaine made the best of her situation, and did what any good military wife should do, even if it tore her to pieces to do it. She stood by her man. Years go by, but one thing holds true. Theyre meant to be. Blaine and Elliott have a love like no other, and time and distance will never change that. ***This is a novella meant to be read as a companion to the Freebirds series.
