

Amy and her fiancé, Jake, are on their way to Florida for their destination wedding when a fierce snowstorm leaves them stranded in Montana. Not only will they miss their wedding, but they'll be spending Christmas over two thousand miles from where they're supposed to be spending the holidays. Even worse, Jake won't bend his old-fashioned rules and consummate their marriage before they say their vows, leaving Amy beyond frustrated. Of course, that doesn't mean she won't try to change his mind...even if the attempt gets her in trouble with her firm-handed fiancé. Jake knows Amy is upset that their carefully laid-out plans have been ruined, but he's not about to let her spend the whole time pouting. A good spanking--especially a bare-bottom one--will help her settle down. He's not happy their wedding is postponed, and it's taking all his strength to resist the naughty little temptation who keeps winding up over his knee. It's too bad they can't just get married in the middle of the snowstorm...or can they? Note: This is a re-release of a story originally titled Marry Me in Montana
