

## All In: A Sin City Collectors Novella (Volume 5)

Welcome to Vegas. Home of the Sin City Collectors. The job description is easy: Bring the offending supernatural in to the Boss and don't ask any questions. Ginger Elliot is a succubus on the run. She's in danger of being Collected, but her first priority is to find her brother. Even though she operates the biggest spy network in the supernatural world, it may not be enough to free her from the crimes she's been accused of committing. It doesn't help that she hasn't fed in months, and keeping her deteriorating condition from the sexy shifter who's accompanying her is getting trickier by the hour. Luke Jones is on a mission to save the succubus he's fallen for--not only from her brother--but from herself. The two have been on the incubus trail for weeks and finally have him backed into a corner. Luke knows the succubus is in trouble, but he has no idea how to help her. In the end, he must let go of his painful past or lose her forever. What's Collected in Vegas, stays in Vegas... \*All Sin City Collectors Novellas are stand alone paranormal romance novellas, each with their own set of characters and happy endings, and are all set within the world of the SCC.
