

Dark Moon Magic

Something supernatural has trailed Regina Moon to Groves, Arkansas where she is in hiding from an abusive former lover. A practicing Wiccan, she knows dead ravens littering her backyard signals trouble, as does her undeniable attraction to the town's sheriff, Trace Langston. Trace swore off women because of his cheating ex-wife. That is, until the fiery and seductive Regina opens shop and strange things start happening. Bewitched and bewildered by her, he soon wonders if she hasn't put a spell on him. When a local man is murdered, and a woman disappears, suspicion transforms the once quiet community into 1692 Salem, with all eyes on Regina, and while she and Trace try to stay one step ahead of a stake burning, they expose a cold case sealed within a circle, and unleash a passion no spell could conjure.
