

Romancing the Real You (London Loves Series) (Volume 2)

Eva is a sexy psychic who wants to be adored. She's shackled up with alpha male, Victor Valentine, hoping to use his C-list celebrity status to boost both their careers to superstardom and billionaire status. Her delightful assistant and former stripper, Charlie, knows she's happiest when she's being the real Eva. The friction between them sizzles in each steamy love scene! But Eva's plans involve deceiving her way to the top, which Charlie knows won't make her happy. To make matters worse, sworn enemy, Max Richards, is a podcaster determined to expose Victor and Eva as fraudsters. His dream is to nail them live on TV. Will Eva choose Victor, fame, and fortune; or Charlie, the man who wants to show her that it's better to be loved by one than adored by thousands?
