Southern Arcana, Book Five Sera Sinclaire is a submissive coyote trapped in a town overrun by dominant shapeshifters. She cant turn away the alphas-in-shining-armor who need her soothing presence--even when their protectiveness threatens to crush her hard-won self-reliance. But when an obsessive ex endangers her life, its time to get out of town for a while. Julio Mendoza doesnt have the luxury of indulging in a vacation, thanks to his new responsibilities as a member of the wolves Southeast council. But protecting Sera from her ex isnt optional--its instinct. Watching her come to life outside the city makes him feel like hes finally done something right, and her touch ignites a desire he cant ignore. Soon, lighthearted flirting turns into a dangerous game of seduction, where every day spent falling into each other is another day of avoiding the truth. Seras ex isnt the only one whod disapprove of their relationship. There are wolves who would kill to get Sera out of Julios life--starting with his own blood kin.
