

KISSED by MOONLIGHT (Wild Hunt Book 1)

Phaedra Conners has been in short supply of normal ever since she shoved a car full of explosives off of a parking garage. Domestic terrorism would be an unappreciated skill set on any resume, so she's a little surprised when she gets hired on as the personal secretary of multi-millionaire, Gabriel Evans. Her new boss isn't your average CEO, and when he finds himself falling for his assistant he knows that hell has to let her go. Especially if he wants her to survive the week. However, denying himself turns out to be much harder than he thought it would be. Phaedra has spent most of her life digging up secrets. But not every door needs to be opened and some skeletons like to howl at the moon.
