

This is Episode One of a completed three part serial stuffed with a hunky werebear, a protective vampire, and some steamy love triangle goodness! Kimberly Nolan, a BBW with a spunky attitude and a heart of gold, lives in a world where everyone knows vampires and shifters exist. Kimberly just landed a job as an assistant to Xavier Thorn, a billionaire vampire with a dangerous edge, and begins to think she has it made. Well... at least in the job department. Her love life, on the other hand, hasn't been exactly where she wants it. It doesn't help that she's much more reserved when it comes to relationships than other women her age. What she doesn't know is that her new boss has more plans for Kimberly than just being his assistant. And to top things off, Kimberly finds herself in a fateful encounter with Gaige Grayson, a powerful werebear who immediately imprints on Kimberly. From having a great job to suddenly being lodged between two extremely powerful, rich, and dangerous men. Kimberly's life just got a whole lot more complicated. **This steamy hot BBW Paranormal Shape Shifter Romance contains explicit sexual scenes along with a cliff-hanger**
