Sex may sell, but their deal doesn't include love... Brew Crew, Book 1 Account Director Sloane Granderson has been given her orders by the CEO to tone down the antics of the Brew Crew, the guys at Huxworth Packard Advertising who work on their biggest account. Sure, they're all puffed up, strutting egos, but they're also the best and brightest creatives in Chicago. Including the newest recruit, disturbingly attractive Levi Wolcott. Award-winning copywriter Levi is pumped to have been headhunted to Huxworth Packard to work on the beer account. But he's not off to a good start when he and Sloane first meet in an embarrassing encounter in a hotel hall, and the Brew Crew's merciless new-guy hazing doesn't improve his shaky first impression. Even worse, Levi can't ignore the intense attraction he has to Sloane. Despite their mutual hell no when it comes to love, a moment of weakness makes Sloan and Levi believe business and pleasure can be kept separate, and maybe a little harmless sex isn't that dangerous. Or maybe it's as harmless as a bomb with a lit fuse... Warning: This book contains a hero with an award-winning, panty-melting vocabulary intent on the hard sell, and a take-charge businesswoman who doesn't mind giving up control in the bedroom...and thinks panties are overrated, anyway.
