

From Meg Jackson, best selling author of REIGN and CULVER... The reality was hitting me in waves; no wonder she hated me. She thought I'd leaked our sex tape. But I didn't. So who did? Endo is handsome, charming, and inconspicuous. That makes him the perfect choice for the Black Smoke MC's latest job, escorting a beautiful woman out of a dangerous situation. He didn't know that it was the woman who broke his heart years ago. Naomi broke up with him because she was scared. What they had was too intense, so she left him. A year later, he betrayed her and ruined her life. Some things are too horrible to ever forgive. A steamy, dark, standalone novel.
