

Magic Fingers

An Avondale Story David Majors should be looking forward to a long and prosperous life: after tours in Iraq and Afghanistan, hes attending college courtesy of Uncle Sam and riding the fast track to success. Hes tall, fit, and good-looking, so shouldnt the world be his oyster? But underneath his clothes-and beneath the surface-David is a mess of scar tissue and insecurity. Then he meets Kevin Boxer, another former Army Ranger. Their first night together, Kevin stares Davids scars in the face and doesnt flinch, instead showering David with the passion and attention he craves but never imagined possible. Slowly but surely, Kevin helps David rebuild his confidence, and the two of them begin to build their life together. But their journey is far from over, and it turns out Kevin may need David to help him heal some scars of his own.
