

Start manifesting your true hearts desires in a single day In the latest addition to the Soul Shackles Series, Robert Jirda brings you insight on how you can easily manifest your desires and dreams through your chakras, and make them part of your everyday life. Written in enjoyable and easy to follow language, this book will draw you into the story of your own life in a way you never thought about before. What is your dream?...and where lies that contribution to the world that you feel you could offer if you were just given a chance? Adjust your attitude only slightly and suddenly you will find yourself in a whole new world. Many people talk about the importance of attitude; in this book you can actually read a practical example of the path to follow to your own success. This is the magical switch that makes your dreams not only possible, but pretty much inevitable. The power of the people Find out how your friends, colleagues and even strangers contribute to your success or failure, and how to make this work for you. Manifesting through chakras Follow the flow of energy that travels through your chakras and learn how it manifests into matter. A practical example to show you the way Would you like to know how really great authors and speakers make their work count? Follow Robert step by step as he takes the intangible idea of a book (though it could be any other type of idea as well) and makes it flow through the chakras into material world, bringing it to you as a finished project. You hold that very creation in your hands... now learn how you can do the same thing! Useful tips From advice on how to “sleep your way to success” (and no, it’s definitely not what you think!) to the idea of smart goals, there are plenty of useful tips in this book to help you along the path toward manifesting your dreams. Bonus! Two experts on manifesting As a special bonus, included are extra thoughts on manifesting, kindly shared with you here by Richard Lee McKim Jr, and Scot Conway, both published authors with a vast wealth of knowledge on the subject.
