

## Wanted: A Vampire Blood Courtesans Romance

Welcome to the shadow world of Blood Courtesans...where vampires are real and blood is a financial asset. This is the world I live in. I don't care about the money I'll make as a blood courtesan. I need the vampires to protect me from other humans. And more than that, from myself. Any time I think about getting revenge against the bullies who've tortured me, the thing I imagine happens. I have no way to control it. And the latest incident has put me in the middle of a murder investigation. I have to convince them to turn me into a vampire. I can't be tried for murder if I'm already dead. Or...undead. In the vampire world, blood is money and sex is everything. But when my power catches the attention of the oldest, most powerful vampire in the coven, hell do anything to make me his. Nash doesn't have to look me in the eye to cast a spell over me. And I don't even have to look at him to know he wants me. I'll either be Nash's secret weapon--or the downfall of his coven.
