

Obsess Much?: A Neurotic Vampires Tale

Forget everything you know about Therapy and Vampires as you peek inside the broken mind of an Immortal with more issues than TV Guide. Meet Dr. Conor OMalley. Snarky. Deliciously broody. A bit naughty. Beyond neurotic and quirky. A huge fan of the f-bomb. Carries a sterling silver cross for good luck. And hes more screwed up than most of his psych-patients. Oh, and did I mention, hes absolutely nothing like any Vampire youve ever seen? Especially the unique ways he feeds, but I wont go and spoil that surprise. Its just too much fun! Crazy thing is, that doesnt even skim the surface with what makes Conor so entertaining. His twisted thoughts and witty banter with his hilarious friends will have you laughing your ass off, even when you know you probably shouldnt. Just dont be surprised if in the very next chapter he has you crying in your Cheerios when he shares the deep dark parts of his tortured soul. So grab a glass of wine, your favorite comfy clothes, and curl up with the perfect book boyfriend to send your emotions on a rollercoaster ride youll never forget. And let Dr. OMalleys rather unorthodox methods assist you in your journey towards achieving mental health. If you dare! THERAPY HAS NEVER BEEN SO TWISTED! Humor. Suspense. Romance. Heartache. Thrills. And shocking twists. Buckle up the straightjacket, youre in for one hell of a crazy ride! Karyn DeGiorgio, Word Forward Reviews **WARNING:** If youre looking for a traditional Vampire novel loaded with death and destruction, this probably isnt the book for you. But if youre in the mood for something quirky, straying outside the lines of the norm, give OBSESS MUCH? a try. I promise, youll be so glad you did. Just keep in mind, this isnt a vampire novel. The fact that our neurotic doctor just happens to be one, is more a personality trait that makes his mental anguish even more entertaining. (A
