

The Twisted Destinies Series Omnibus

It all started with a girl that was destined for greatness. As a young girl, Laine Grant is kidnapped and kept in an underground vampire lair; being used for her blood. Laine has an unusual immunity to being compelled and doesn't forget her past like the others. With the help of the little Prince Harry, she escapes, only to return as an adult and take her rightful place on the throne with Harry by her side. Over a hundred years later a plague ravages North America and one vampire is determined to stop it all. She escapes with another vampire from a facility torturing vampires and seeks out the phoenix residing in the deep south. The third book begins with mourning and grief from the ending of book 3. Tensions are running high and there is a bloodthirsty vampire murdering humans in the area. Prince Hadrian and his mate must stop this vampire before it tears apart the peace treaty made by Laine Grant.

Twisted Immortals is a mashup of The Twisted Destinies world and the Cain, The Immortal world where unlikely friendships are forged and you see things unfolding in a different perspective. It is recommended that you read book 3 before reading the mashup.
