

Book 2: Thorne and Dash Previous Book: Professional Distance Several months ago Thorne hired Riley as an escort. They fell hard for each other and ultimately made their relationship personal rather than professional. Every moment they spend in bed is pure bliss, but good sex can't solve all their problems as they struggle to make things work between them. Thorne convinces Riley to move in with him, but their differences in age and income weigh more heavily on Riley once they share a home. If that weren't enough, culinary school is turning out to be a disappointment for Riley rather than a dream come true, and he's considering the daunting prospect of starting his own business. Thorne wants to swoop in and fix everything, but Riley keeps refusing Thorne's money or advice, feeling like he's losing control over his own life. Thorne and Riley will have to rely on their love for each other to help them find the balance between independence and entanglement.
