

Romance: Werebear Teacher Boxed Set: A BBW Paranormal Shape Shifter Romance Bundle (BBW Mail Order Bride Romance, Paranormal Shapeshifter Romance) (New ... Time Encounter, Werebear Shapeshifter)

A huge boxed set featuring three books of Werebear Teacher! For the first time all together in one easy format, for an incredibly long, satisfying read! Werebear Teacher 1: Emily is a happy young lady, about to embark on her first teaching job, after graduation. Thousands of miles from her home town, she settles into her new life, on the borders of Arizona and Mexico.

School life agrees with her, that is until she has to take home a little boy, Gezan, whos carer has not turned up to collect him at the end of the day. He is cared for by his older brother, Naz, who, though handsome and hunky, turns out also to be arrogant. They end up in a bitter argument and she storms away from the house. When she decides to return to apologize to Naz for disagreeing with him, she finds herself surrounded by bears in their yard. Then she spots the little boy, Gezan, and runs to rescue him, only to be mauled by a bear. Naz, cares for her and they are soon falling madly and deeply in love with one other. That is until their next disagreement, they just cannot stop from shouting at each other. She storms off, only to return to apologize, once again. This time she comes upon a bear fight, only to find Naz on deaths door. What she discovers that evening pushes her beyond her own sanity. Emilys passions run deeply for this new man in her life, but can she survive a whole new way of thinking, that simply goes beyond human perception? Werebear Teacher 2: Poppy is a happy shape-shifting werebear, living her life in a job she loves, organizing, as a university administrator. When the human Emily came into her life as her little cousins new teacher, Poppy took her under her wing, and now they are the best of friends. Emily asks Poppy to organize her wedding to the local alpha male, another of Poppys cousins. When a hunky Mexican werebear male arrives in her office, begging for the catering contract for the big wedding of the year, it is more

than Poppy can resist as he sets off her desires and animalistic lust. After a wonderful erotic night together, she arranges for him to meet with Emily to discuss the catering contract. That's when disaster strikes. A new hero is to enter into Poppy's life, one that might just make her settle down, for a while at least, as she falls head over heels in love with a handsome and irresistible male werewolf. Werewolf Teacher 3: The time had come for the new alpha to prove his strengths. Naz was to go out into the wilds and sort the troubles that a rogue male werewolf was causing for a family of females, who lived by the old ways. The leading mate and mother bear had gone missing and the rogue had taken over, threatening to murder their children if the other females did not comply with his rule. When Naz arrived at the old settlement, the rogue was out hunting, so Naz instructed the females to perform a mating dance. This female orgy sent chemicals into the air that no male werewolf could resist, even Naz. After being tricked into drinking a passion-inducing potion, he found his desires overwhelming and was soon making love to Olathe, who had become the leading female werewolf. When the rogue male was enticed in, he could smell the sex on his female, and this made him furious with jealousy. Soon the male bears were battling, and Naz discovered that Olathe was not all that he had thought her to be. Bears roaring and rearing, who will win the battle? If the rogue wins, he will take over the alpha role. If the alpha wins, what will happen to Olathe, who has tricked him with her devious attempt to find power? Will the kidnapped werewolves ever be found and if they are, will they be dead or alive? Naz must succeed in his first real challenge if he is to hold his territory as the new alpha werewolf.
