

Vaewolf: Damn the Darkness: The Prophecys Promise (Hearts of Darkness) (Volume 3)

The Bayou demons are building forces, and it seems that Caitlin is their target. But why? As her metamorphosis quickly approaches with unusual side effects, Dylan is worried the first blood exchange may have endangered her. Perhaps it also explains why Jackson, the Vaewolf who is the prophecys answer to the vampire infertility problem, imprinted on her. Dylan is determined to find the answer because giving up the woman he loves to Jackson cant be what destiny intended, and killing the man he cares for as a brother isnt the answer, either. The wolf in Jackson may permit him to share Caitlin, but the mens vampire blood wont. Caitlins needs are calling out to both men. Without them to satisfy her, the pain is worse than the fires of hell,. And in her weakened state, she is a prime target for the demon attacks. The alpha men may have to put their instincts aside, or someone will die.
