

In this game of chase, a kiss isn't the only reward. Are You Game? Book 2 Divorced with two teenage daughters, Jody Walsh doesn't need any more complications in her life, and Dan O'Conner is proving to be a big one. His pursuit may give her bruised ego a much-needed boost, but Jody's learned to guard her heart and trust is something she isn't willing to give another man no matter how well he kisses. One kiss and Dan knows what he wants. He isn't about to walk away from the kind of chemistry he and Jody have. Unfortunately, the more he chases the more she runs. If only he could get her running in his direction. When a night of passion doesn't convince her they're meant to be, Dan is left with no choice but to prove he's worth taking a risk on, no matter how much he complicates her life. Warning: Story contains a woman not willing to put her heart at risk and a man determined to persuade her otherwise-and he's willing to use his washing machine to show her why he's worth it.
