The past two months have been the longest of Byron Renfields three hundred and seventy-nine years. After almost four centuries of dedicated service to his clan, four centuries spent in the pursuit of redemption, the powerful vampire did the inexplicable and unforgivable. In an impulsive act of passion he claimed the beautiful Violet Deeds, a human, as his mate. When Violet found herself stranded on a remote island occupied by the charismatic Byron she never imagined that she would be saving him, but the fiery red-headed psychiatrist did just that-bringing the immortal to life and introducing him to love. Now, afraid of retribution from his clan and concerned for Violet's safety, Byron takes steps to protect them both. But will it be enough? Irrevocably bound together, as the tie between Byron and Violet strengthens they step into one another's worlds, awakening long buried desires and threatening the balance of society and nature. A kidnapping, an underground world of rebel vampires, an elaborate network of elite clansmen led by an ageless prophet, and a rescue mission that will keep you on the edge of your seat all come together perfectly in this thrilling sequel to Samantha Sommersby's *Forbidden: The Claim*. An erotic romance you won't be able to put down, *Forbidden: The Awakening* will have you begging for more!
