

The Devils Pawn

A common enemy. A secret untold. One dark and handsome man determined to despise. One inexperienced, innocent, shy woman swept into a life she cannot control. Both pawns in a torturous game that will bind them together or tear them apart ... forever. When Ashton is left orphaned after her parents are murdered, her life becomes a hell she could never have imagined. Left to fend for herself, and responsible for a debt she doesn't owe, she is swept into a life as a gentleman's escort at a private men's gaming hall. Her new manager makes it abundantly clear he doesn't appreciate her inexperience, innocence, and shyness. On the contrary, he despises everything about her. Derek can be difficult, she's been told. And however dark and handsome he may be, he terrifies her in a way that chills her to the bone, but leaves her begging to understand him. As they are pulled along together, more secrets and threats than either one could ever conceive are revealed, and a common enemy emerges. This enemy will stop at nothing to bring Derek to his knees while using Ashton as the greatest pawn in his torturous game. Will Derek be able to let down his shield of cold, harsh emotion before it's too late? Will he be able to sacrifice himself to save Ashton, or will they both be destroyed by the secrets of their pasts?
