

How the Glitch Saved Christmas

Reina Vedette chose principle over position when the Chicago police department ordered her to accept performance-enhancing body modifications or lose her rank. Demoted to a level one detective, Reina stuck chasing a bizarre, Grinch-in-reverse break-in case with fiery bod-mod enthusiast and level five top detective Edison Wicke. Wicke has had his eye on Reina for ages, and as the two of them hunt down the benevolent burglar, they take turns warming each other with body heat in the subzero Chicago winter. Despite professional friction and their opposing views on bod-modding, Reina soon has to admit that she and Wicke are perfect for each other. But when they track down their philanthropic quarry on Christmas Day, an unexpected glitch in a homemade android brings out Reina's emotional side, and she and Wicke must decide whether love between a Neo-Luddite and a walking toaster is a gift that either of them can give. 34,000 words
