

# The Island Of Bears

When curvy Haley stumbles through a portal onto a supernatural island she is dazed and confused. She thinks it is all a dream. But this is definitely all very REAL. A young, hunky bear shifter named Holden takes her under his wing and reassures her that she will be OK. Haley is scared and desperately wants to get back to her home in New York City but Holden is desperate for her to stay and he is willing to do what it takes to convince her to stay. Several nights of passion later and Haley is beginning to change her mind about her new surroundings. But it soon becomes apparent it is not just Holden who needs her, the ISLAND needs her too and she has some important work to do...

Bear Island is a remote island in the north that is home to House Mormont. It lies within the Bay of Ice, north of Deepwood Motte and south of the In Alaska my chances were better: Admiralty Island, where there were some 1,600 grizzly bears, one per square mile. As Sue Warner, a - 14 min - Uploaded by dokterweetallesIf only for the funky theme music. The vast majority of these bears live in the protected lands of the Kodiak National Wildlife Refuge, which comprises two-thirds of the island.
