\*\*\*WORLDS BEST STORY 2014\*\*\*Her moms a witch.Her dads a demon.And she just wants to be ordinary.I batted at the curl of smoke drifting off the tip of my candle and tried not to sneeze. My heavy velvet cloak fell in oppressive, suffocating folds in the closed space of the ceremony chamber, the cowl trapping the annoying bits of puff I missed. I hated the way my eyes burned and teared, an almost constant distraction. Not that I didnt welcome the distraction, to be honest. Anything to take my mind from what went on around me.Being part of a demon raising is way less exciting than it sounds.Sydlynn Hayles life couldnt be more complicated. Trying to please her coven, starting over in a new town, and fending off a bully cheerleader who hates her are just the beginning of her troubles. What to do when delicious football hero Brad Peters--boyfriend of her cheer nemesis--shows interest? If only the darkly yummy witch, Quaid Moromond, didnt make it so difficult for her to focus on fitting in with the normal kids. Add to that her crazy grandmothers constant escapes driving her family to the brink and Syds between a rock and a coven site. Forced to take on power she doesnt want to protect a coven who blames her for everything, only she can save her familys magic.If her familys distrust doesnt destroy her first.A great, inventive plot, a deeply flawed, self-deprecating, heroine, many wondrous sub-characters and a constantly-evolving world of madness and magic (with a goodly side order of teen angst thrown in!).What more could you want? -- Amazon reviewer HobbitualThank you Ms. Larsen, for an excellent read....please please please tell me there will be more about these characters! -- Amazon reviewer Michelle William...this book was incredible. I was sucked in from the very beginning. I fell in love with the characters. The plot twists and the way it was written kept me turning pages well
