

Winter in Waianae (Love in Oahu) (Volume 2)

They come in with the dolphins and leave with the Winter Solstice. Soon after Brittany arrives on the island, she shares an ocean adventure with a pod of magical spinner dolphins. The prophecy is specific. Two strangers will appear to infuse her with luck and love, but trouble is brewing on Oahu. Gradys flirty green eyes have sparked her interest, but finding love with the neighborhood Casanova isn't probable. And being questioned by the DEA didn't feel the least bit lucky. The longest day of the year approaches, and the legend appears to be nothing more than a myth. If not for the help of a squawking baby tern, the blessing of the dolphins might have skipped her altogether.
